

§ 8.420 Classification society authorization to participate in the Alternate Compliance Program.

(a) The Commandant may authorize a recognized classification society to participate in the ACP. Authorization will be based on a satisfactory review of:

- (1) Applicable class rules; and
- (2) Applicable classification society procedures.

(b) Authorization for a recognized classification society to participate in the ACP will require development of a U.S. Supplement to the society's class rules that meets the requirements of § 8.430 of this part, which must be accepted by the Coast Guard.

(c) A recognized classification society will be eligible to receive authorization to participate in the ACP only after it has performed a delegated function related to general vessel safety assessment, as defined in § 8.100, for a two-year period.

(d) If, after this two-year period, the Coast Guard finds that the recognized classification society has not demonstrated the necessary satisfactory performance or lacks adequate experience, the recognized classification society will not be eligible to participate in the ACP. The Coast Guard will provide the reason for this determination to the recognized classification society. A classification society may appeal the decision of the Coast Guard concerning recognition to the Commandant in writing in accordance with 46 CFR 1.03-15(h)(4).

(e) The Coast Guard will enter into a written agreement with a recognized classification society authorized to participate in the ACP. This agreement will define the scope, terms, conditions and requirements of the necessary delegation. Conditions of this agreement are presented in § 8.130.

§ 8.430 U.S. Supplement to class rules.

Prior to receiving authorization to participate in the ACP, a recognized classification society must prepare, and receive Commandant (G-MSE) approval of, a U.S. Supplement to the recognized classification society's class rules. This supplement must include all regulations applicable for issuance of a Certificate of Inspection (COI) which

are not, in the opinion of the Commandant, adequately established by either the class rules of that classification society or applicable international regulations.

§ 8.440 Vessel enrollment in the Alternate Compliance Program.

(a) In place of compliance with other applicable provisions of this title, the owner or operator of a vessel subject to plan review and inspection under this subchapter for initial issuance or renewal of a COI may submit the vessel for classification, plan review and inspection by a recognized classification society authorized by the Coast Guard to determine compliance with applicable international treaties and agreements, the classification society's class rules, and the U.S. Supplement prepared by the classification society and accepted by the Coast Guard.

(b) A vessel owner or operator wishing to have a vessel inspected under paragraph (a) of this section shall submit an Application for Inspection of U.S. Vessel (CG-3752) to the cognizant OCMI, and indicate on the form that the inspection will be conducted by an authorized classification society under the ACP.

(c) Based on reports from an authorized classification society that a vessel complies with applicable international treaties and agreements, the classification society's class rules, and the U.S. Supplement prepared by the classification society and accepted by the Coast Guard, the cognizant OCMI may issue a certificate of inspection to the vessel. If the OCMI declines to issue a certificate of inspection even though the reports made by the authorized classification society indicate that the vessel meets applicable standards, the vessel owner or operator may appeal the OCMI decision as provided in subpart 1.03 of this chapter.

(d) If reports from an authorized classification society indicate that a vessel does not comply with applicable international treaties and agreements, the classification society's class rules, and the U.S. Supplement prepared by the classification society and accepted by the Coast Guard, the cognizant OCMI may decline to issue a certificate of inspection. If the OCMI declines to issue

(3) Appeal via the authorized classification society to the Chief, Office of Compliance, Commandant (G-MOC), U.S. Coast Guard, 2100 Second St. SW., Washington, DC 20593-0001.

§ 8.450 Termination of classification society authority.

(a) The Coast Guard may terminate an authorization agreement with a classification society to participate in the Alternate Compliance Program if:

(1) The Commandant revokes the classification society's recognition, as specified in § 8.260; or

(2) The classification society fails to comply with the conditions of the authorization agreement as specified in § 8.130.

(b) In the event that a flag administration of a country changes conditions related to the authority that is delegated to ABS, the Commandant may modify or revoke the Coast Guard's authorization of that classification society that has its headquarters in that country.

(c) Certificates issued by a classification society which has had its authorization to participate in the Alternate Compliance Program terminated, will be subject to the provisions of § 8.330.

(d) Owners or operators of vessels enrolled in the ACP and classed by a classification society that has its authority to participate in the ACP terminated, must:

(1) Change the classification society for the vessel to a classification society that is authorized to participate in the ACP; or

(2) Disenroll the vessel from the ACP.
